Republicans of State to Democrats. Convention Tomorrow. Sept. 29 [illegible] tion Dates.

[illegible]

COUNTY CENTRAL COMMITTEE WILL MEET MONDAY TO DETERMINE TIME FOR HOLDING CONVENTION.

PARTY WILL HOLD COUNTY CONVENTION SEPTEMBER 26, AFTER STATE GATHERING—THE JUDICIARY.

The formal call for the holding of the Republican state convention was issued by D. B. Fairley yesterday. The convention will be called on the morning of September 29 at 10 o'clock by Chairman Fairley. There will be 435 delegates from the various counties, the largest representation being accredited to Denver, which will have 75 delegates. El Paso county will be represented by 25 delegates and Pueblo by 22. The other counties are variously represented, three delegates being accredited from Summit and a number of other counties, 14 from Teller and 15 from Boulder county.

With this call issued everything is now in readiness for the calling of the county conventions by the various county chairmen of the state. A meeting of the local county committee has been called for next Monday in the office of R. L. Chambers, at which time the date of the county convention will be determined.

County Convention.

It is probable the county convention will be called for September 24 or 25, and that the primaries for the selection of delegates will be held September 22 or 23. The county convention will have the selection of the delegates to the state and district judicial conventions, and its actions are the most important affecting the judicial contest in this district. This county will have 25 delegates in the district judicial convention out of a total of 37 and the fight for the nomination really centers here.

According to John E. Little, who is managing Mr. Sheafor's campaign, the 14 votes which Teller county will have in the convention will be cast for J. W. Sheafor on the second ballot, and Mr. Little says if he can succeed in carrying the delegation from this county Sheafor's nomination will be certain. Mr. Little, however, is figuring on carrying a number of the other counties, and in this event he figures Mr. Sheafor's followers will be able to elect their candidate on the first ballot, without the aid of the votes of the Teller county delegation.

Claims of Candidates.

David F. Law, who is managing the campaign for Judge Robert E. Lewis, is equally certain in his calculations. According to his figures Judge Lewis will carry this county and enough of the outside counties to assure his nomination.

Judge W. C. Robinson is managing his own campaign, and has begun a systematic canvass of the various precincts of the county in order to determine the number of votes that will be cast for his delegations at the primaries. Robert Graham of Cripple Creek is confining his campaign largely to Teller county, and from the claims of Mr. Sheafor's managers, the delegation from that county will be solidly for him, but that their votes will be cast for Mr. Sheafor on the second ballot.

The district convention will be called to meet in the ordinary at the Brown Palace hotel, Denver, Monday evening, September 28. The delegates who go from here to the district convention will also attend the state convention.

The state convention will have only

COULD WORK AS UNION MEN FOR EMPLOYERS AGAINST WHOM THEY HAVE NO GRIEVANCE.

Special to the Gazette.

Cripple Creek, Aug. 31.—A petition is in circulation among the miners of the district asking the American Federation of Labor for a charter for a miners union.

Tonight the petition had between 150 and 175 names attached, most of them being miners in this end of the camp.

The purpose of the new organization is to enable the miners, as union men, to return to work under union conditions for employers against whom they have no grievance. Under the present affiliation with the Western Federation of Miners, the men who have signed the petition feel that they cannot return to work without being called "scabs," and they are anxious to find a remedy for the situation. Names of non-union and union men alike are attached to this petition and the new movement is attracting a considerable amount of attention.

MAY FEDERATE WITH THE SPANISH WAR VETERANS.

Fourth Annual Convention of the Army of the Philippines Is in Session at St. Paul.

St. Paul, Aug. 31.—The fourth annual convention of the Army of the Philippines began today. The business sessions are held in the senate chambers of the state house.

This afternoon's session was devoted mainly to the organization of committees. General Irving Hale presided. There is a disposition to favor a federation with the Spanish War Veterans, not with the intention of losing the identity of the Army of the Philippines, but to preserve separate identities and yet be so closely related as to be one in a national sense.

The resolution committee which was appointed this afternoon, will have before it a resolution to establish a uniform ritual for the initiation of members of the various companies.

It is broadly stated that General Hale can have the office of president again if he will accept it. Colonel Metcalf of Lawrence, Kan., is talked of as one of the vice presidents. Tonight the members of the association were tendered a reception in the rooms of the Commercial club.

Tomorrow morning the second session will be held and the most important matter that will come up will be the selection of the next meeting place.

Wednesday the election officers will be held.

EX-MAYOR AMES' MOTION FOR NEW TRIAL DENIED.

Minneapolis, Aug. 31.—Judge Elliott of the Hennepin district court has denied Dr. A. A. Ames' motion for a new trial. Nothing now remains between the former mayor and six years in the penitentiary for bribery, except an appeal to the supreme court. The case will be certified and heard at the October term.

WRECK OF THE RUNAWAY TRAIN.

[illegible] Lives of These Men Hung in the Balance [illegible] Runaway Train Plunged Through Tunnels and Dashed Around Curves.

Freight train No. 42, consisting of 16 loaded box cars, several heavily laden flat cars, an engine and a caboose belonging to the Colorado Midland road, crashed down the grade from Cascade to Colorado City yesterday morning and collided with a "dead" switch engine, which had been left standing on an open crossing. That no one was killed appears to be a miracle.

The mad run down the hill began east of tunnel No. 8, a short distance this side of Cascade. From there to Manitou the grade inclines at a degree known as 4 per cent grade, and the curves are very sharp. Several tunnels and more than a dozen abrupt curves are to be encountered, and it is said by railroad men that this is the first time in the history of railroading that such a thing has occurred without a train jumping the track.

Jumped From Cab.

Engineer Frank Watts and Fireman James Branderburg were in the cab of the engine when the air brakes refused to perform their functions. The brakes were applied and both men jumped, only a moment before the train of cars was being hurled to what looked like certain death. William Brown, the conductor, and Brakemen Waugh and Fisk, who were in the caboose, were unable to jump in time to save themselves, and rode the swiftly-flying train to the time of the collision at Colorado City. They did not realize what was happening until the speed reached was such as to cause a leap from the train to result in death.

Clutching to the sides of the caboose and with their eyes sweeping the track ahead, the men hung on and prayed that the engine and cars would not leave the rails. Through tunnels, over bridges, and around curves, with dizzy precipices yawning beneath it, the train sped on down the mountain side. When Manitou was passed, the train of cars was going at a rate of speed which must have exceeded 50 miles per hour, and persons who saw the runaway believed that the three men in the caboose were doomed to certain death.

Remarkable Escape.

Cushions, bedding and other material, such as blankets, and a few books which had been left in the caboose, were piled against the front end of the caboose, and when the final crash came and the men hurled from their places the barricade saved them by breaking the force of the fall. The caboose left the rails, but was not overturned, the force of the crash being spent in derailing the other cars. The "dead" switch engine was hurled more than 100 yards, and was piled up in a heap of scrap iron near the Colorado Midland depot. Had it not been for the fact that the flying train had turned the slight curve onto the switch it is believed the switch engine would have been hurled high into the air, and the runaway engine only slightly damaged because of the speed at which it was traveling.

It is usually the case, according to railroad men, that the engine going at the highest rate of speed, is the one which is the least damaged when a collision occurs.

A force of men were at once put to work on the wreckage. The cars of ore were piled on both sides of the track, some of them turned upside down, others turned sideways, and others smashed into kindling. A few cars of fruit were on the train, and the fruit was scattered from Sixth street to the Midland depot. Thirty tons of silver and lead bullion were in one car, and this was also scattered about.

Fixing Responsibility.

Superintendent Vining said last night that an investigation would be made by the company and an effort to learn who was responsible for the wreck. There was it is thought something wrong with the air brakes, and they will be inspected, although the condition of the train will not permit of a very careful examination. Everything is in such shape as to almost baffle any investigation which can result in laying the blame on any particular employe or employes.

The train was due in Colorado City Sunday night, but was late. At the time it broke loose from the control of Engineman Watts, it had just passed tunnel No. 8, and was not going at a rate of speed higher than usual. The loss which the company will sustain will reach almost $25,000. Conductor Brown and Brakemen Waugh and Fisk were completely unnerved by the occurrence, and were unable yesterday to describe their sensations during their made ride further than to say that they were "awful." The trio of men exhibited great presence of mind in placing the cushions and other material against the front end of the caboose, and it is this which probably saved them from death. As it was the only injuries they received was several severe bruises and a good shaking up.

A Tramp Story.

In Colorado City yesterday afternoon it was said that a tramp had been stealing a ride on the train and was given the fearful experience of lying across the rods of the train, beneath the cars, and seeing the ties disappear beneath him faster than he had ever before seen them. This was not corroborated by railroad officials, who claim that only three men were on the train when it took its fearful plunge.

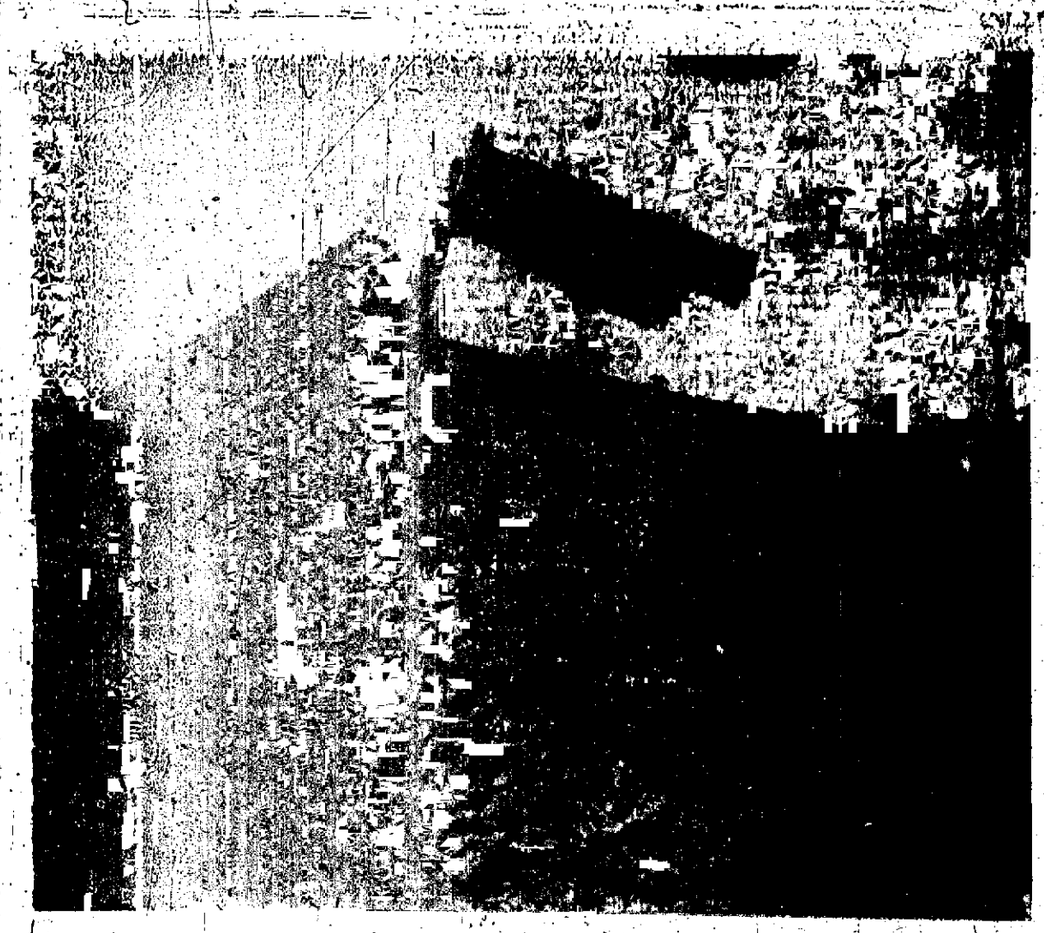
The tracks were cleared last night enough to permit the resumption of traffic, and the valuable contents of the cars was being guarded until such time as they can be removed.

TRIAL ON CHARGE OF RIOTING IN DANVILLE.

Danville, Ill., Aug. 31.—The trial of 14 persons on charges of attempting to enter the jail building on the night of July 25 with intent to kill some of the inmates was begun in the circuit court today.

The defendants include Mrs. Bessie Dodge, the woman who was conspicuous in the rioting about the county jail. But seven jurors had been secured when court adjourned this evening.

Seven of the rioters have been convicted during the past two weeks.



HOW THE DEBRIS PILED UP.

[illegible]

The fact that the citizens of Colorado Springs are looking forward to the time when the "Myron Stratton home" will be a reality, is shown by the interest that has been awakened in the project since the announcement of the Gazette's prize competition last Sunday.

While but comparatively little has been said publicly regarding the gift of the late millionaire, the thought of the donor's philanthrophy and his great love of humanity has been constantly with those who have read his last will and testament.

Now that an opportunity has come for them to express themselves on the matter, citizens are coming forward. Several letters have been received by the Gazette, one of which is herewith published, and on an interview yesterday Superintendent Dietrich of the city schools, expressed his views:

Superintendent Dietrich's Views.

Superintendent John Dietrich of the public schools heartily indorses the institution.

"I think it is an excellent thing," he said yesterday. "At first I was a little in doubt as to the advisability of such a home, fearing that it might prove too much of an attraction for persons unworthy of it and who might come here solely for the purpose of receiving its benefits. But since I have thought it over and have come to understand more clearly the provisions contained in that section of the will relating to the home, I can see where the Myron Stratton home will do great good. It will provide in the first place for many persons who do not come within the range of the churches or of the Associated Charities. The churches have all they can attend to; their assistance must of course be spasmodic, given only at times and under favorable circumstances. The Associated Charities do a great deal of good and renders much assistance to people who are deserving; but this assistance cannot be permanent. As I understand it, the Myron Stratton home will provide a permanent home for worthy persons without reducing them to the plane of common paupers.

Has Personal Knowledge.

"And there are a great many cases, some of which have come to my own attention, where people have come out here seeking health and have become stranded and they must be taken care of—people who have been able to pay their way out here, and have come with sufficient funds to support them for a time. But often they need more than they thought they would have to have expenses under the circumstances being rather high, and their funds become exhausted. The home will, I believe, do great good in helping such people. They are not paupers; they have become stranded through no fault of their own. Their wealth has failed and unless they are assisted, their remaining days must be spent in misery. Only the care their family or their friends, or such that the Myron Stratton home should give them, will be conducive to their recovery.

"I think it is a great idea of a great and good man and I think the home, if carried out on the lines advocated by the donor and with the good management of a carefully selected board of directors, will be a blessing to many unfortunates.

As for a location for the home, I think there could be none better than on the parts east of the city within a reasonable distance. Say, for instance, near the Union Printers home, which, I think is beautifully situated.

The letter referred to follows:

"Colorado Springs, Colo., Aug. 31, 1903.
"To the Editor of the Gazette.

"Dear Sir:—Please allow me as a former acquaintance of the late M. S. Stratton to express my appreciation of the position your paper has consistently held towards him will from the date of its publication. I was particularly pleased to see the new and interesting feature you introduced in your yesterday

[illegible]urglars Steal $35. Worth of Silverware from Residence—One Guest Receives Money and Jewels to Value of Over $[illegible].

That an organized gang of thieves and burglars is operating in Colorado Springs is evident by reason of the many thefts which have taken place during the past few days.

A strenuous effort is being made on the part of Chief of Police Reynolds and his men to conceal the facts in the matter until captures have been made, but a number of robberies have been talked of outside of police circles, and it is this which has led proprietors of down-town business houses to become uneasy regarding the safety of their places while they sleep.

Perkins' Store Burglarized.

The latest burglary reported was that of the Perkins Crockery company, which occurred between 8 and 10 o'clock Sunday night.

More than $350 worth of silverware was stolen from Mr. Perkins, who, on entering his store Monday morning discovered that burglars had dropped through an outside transom window into the basement, and from there into the store by means of a stairway.

Ed. Perkins, his brother, who sleeps at the store, left the place at 8 o'clock Sunday night to eat his dinner. He returned two hours later and went to sleep. The burglars could have hardly entered without his knowledge while he was there, and it is this which causes Mr. Perkins to believe the robbery was committed while he was absent. The police were notified of the matter at 6 o'clock yesterday morning.

The burglars had been very discriminating in their tastes, and had broken several pieces which they suspected were not real solid silver. The police have secured no clew as to the identity of the thieves.

Diamonds and Cash.

Claude Harvey, night clerk at the Grier hotel, near the Rio Grande depot, disappeared yesterday morning and with him is supposed to have gone two diamond rings worth $300 and $88 in cash, the property of Mrs. Margaret Haggerty, of Kansas City. Mrs. Haggerty, who is on her return trip from Loomis, Wash., entrusted the diamonds and money in his care when she retired. Day Clerk Martin declares that his room also had been entered, but he had his valuables secreted under the bed. He believes Harvey searched the room before he left the house.

Harvey is believed to have left the building about 2 o'clock yesterday morning. The matter was reported to the police about 6 o'clock, and they at once telephoned in all directions in the hope of having him arrested.

At 6 o'clock last night Harvey telephoned Grier's hotel from telephone Main 112, Pueblo, asking if "Mr. Harvey was in." His voice was recognized by Clerk Clark, and the police again notified. Chief Reynolds communicated with the chief of police at Pueblo asking that Harvey be arrested.

About 6:30 last night a dress case was stolen from the Denver & Rio Grande depot. The police were notified a short time afterward but, at a late hour, had not made any arrests. The case contained several suits of clothes and a number of valuable small articles.

No additional evidence has been secured against the two men, Nedell or Fer and Wilson, who are now in custody on a charge of burglary. Wilson, a negro, is believed to have a pal in Pueblo, and the police of that city are looking for him.

The following thefts have been reported since Thursday:

Perkins crockery store, silverware, $350.

Mrs. Margaret Haggerty, diamonds $300, cash $88.

D. & R. G. depot, suit case.

Produce block, two gold watches, cash $35.

Leo King, watch and small sum of money.

Keystone grocery, merchandise, cash $40.

Parker drug store, petty theft.

[illegible] MORNING [illegible] VERDICT

WOMAN WHO FIGURED IN A SHOOTING SCRAPE FREED FROM PATERNITY.

Anna M. Thompson was given a divorce from her husband, John S. Thompson, in the county court yesterday through the efforts of W. M. Swift, the same attorney who represented J. R. Van Duser in the prosecution against him, instituted by Thompson. The suit was filed in the morning and the divorce was granted in the afternoon. In her complaint, Mrs. Thompson alleged cruelty and the divorce was granted on that ground.

Just before the divorce was granted in the county court, Van Duser and Thompson were discharged in Justice Ruby's court, the attorneys holding that the evidence against either was not sufficient to warrant his conviction in the district court. The evidence showed that Thompson had been wronged by Van Duser, but it also showed that Van Duser was defending himself when he drew a pistol on his assailant.

When the case against Van Duser was resumed yesterday morning, Justice Ruby ruled that several letters addressed to Van Duser by Miss Thompson, were admissible as evidence. The letters showed the relations between Mrs. Thompson and the defendant. They had been taken from Van Duser's coat at the time of the cutting scrape.

TIME LIMIT LEFT RELIANCE HALF MILE FROM FINISH—SHAMROCK DISTANCED.

New York, Aug. 31.—Again today the beautiful cup defender Reliance failed to register her third victory over Lipton's challenger because the wind died to nothing and the time limit of five and one-half hours expired before she could reach the finish line.

Her margin was approximately the same as on Thursday last. She was less than half a mile from the finish when the gun sounded. The Shamrock III was a faint blur on the horizon, fully two and a half miles astern.

The Reliance's failure to score was the most exasperating because her ultimate triumph is now conceded even by Sir Thomas himself to be simply a formality. The superiority of the Herreshoff boat in any kind of weather is acknowledged by the yachting critics of both sides of the Atlantic, and today's fluke only prolongs the agony of the contest that has already been decided.

MILL AND CYANIDE PLANT TO CRASH WORK SEPTEMBER 1.

Telluride, Colo., Aug. 31.—The Telluride Miners union, having submitted modified demands to the Mine Owners association, conceding a reduction in wages in consideration of an eight-hour day, the following reply was given this morning:

"O. M. Carpenter, Secretary of the Telluride Miners Union.

"Dear Sir:—Your letter of August 30 received and contents noted.

"In reply we wish to call your attention to conditions now existing in this section. The ores being mined are now so low grade as to make it unwise and practically impossible to grant any change in wages and hours that will add even slightly to the cost of operation. Those conditions have forced the San Juan Mining association to feel the necessity of maintaining existing rates of wages and hours and conditions of labor.

"We are therefore, unable to meet the requests made in your letter.

"The San Juan Mining Association,
By Charles A. Chase, Secretary."

As a result the following notice was posted throughout the camp:

"Notice to All Mill and Cyanide Men—You are hereby notified to report at 7 a. m., September 1, the hours and wages adopted at the joint meeting of Telluride Miners union No. 63, Western Federation of Miners, August 29, have been refused by the Telluride Mining Association.

SHERIFF MAKES RETURNS TO COURTS FOR SEPTEMBER TERM.

Sheriff Gilbert yesterday returned the list of the September jury to the district clerk, containing 38 names available to be drawn as jurors. A return was also made to the county court containing 19 names. Fifty names in all were turned over to the sheriff for service for the district court, but 12 names were returned as unavailable, some of them being women, and the rest "not found." Thirty names were issued for the county court, but 11 were returned as unavailable.

The list of jurors who will be called for service in the district court is as follows: N. M. Alexander, W. W. Atkinson, E. A. Brown, C. F. Bowyer, S. D. Benton, H. W. Bernard, G. M. Bryson, Ira Braden, M. O. Barnes, M. Bannigan, C. C. Child, William Cunningham, L. D. Cunningham, N. F. Clute, J. A. Dobyns, J. M. Embler, D. J. Elkins, Charles E. Emery, G. H. Foster, H. J. AMUSEMENTS

"A FRIEND OF THE FAMILY."

The regular season at the Opera house will be open this evening. The attraction will be the latest comedy success, "A Friend of the Family." The play is said to be one of the funniest laugh-provoking farcical comedies ever written, and the large company of artists selected especially for their adaptability to play a particular character take advantage of every opportunity contained in the bright dialogue to hold the attention of the audience from the very rise of the first curtain. A refreshing feature of this comedy is the fact that it is not necessary to sit through a long first act before the story commences to unfold itself for one of the most amusing scenes ever witnessed in a legitimate comedy, presents itself at the very start and the situations and complications follow each other so rapidly that the audience is kept in one paroxysm of laughter. The company is a large and capable one, and instead of having one star as is the case in most plays contains two, both of whom are equally famous. A strange coincidence in connection with the change of public taste is the fact that both the male and female star made names for themselves in plays of the sensational order. Mr. George W. Barnum who has the leading comedy role in "A Friend of the Family," supported Mrs. Leslie Carter in "Zaza" and "DuBarry," and is still under contract to David Belasco to play the leading parts in Mrs. Leslie Carter's company, but who has been loaned to this farce for a year. Miss Alice Johnson, who is the leading comedienne, received nothing but encomiums from the New York press a couple of years ago by the intensely emotional manner in which she portrayed the title role in the play, "Sapho," which had received so much adverse criticism when attempted by another star.

JANE OAKER IN "THE BUTTERFLIES."

An attraction that cannot fail to be extremely popular is announced for tomorrow evening at the Opera house. This is none other than the Jane Oaker company presenting Henry Guy Carleton's pretty comedy of modern life, entitled "Butterflies." The play is described as being a comedy which contains in the midst of its laughter a substratum of love and pathos that rings true to human nature and strikes the sympathetic chord which raises the play to a higher level than anything that is designed simply to amuse. The company which will present this pretty piece of stagecraft is the one that has been filling the Broadway theater to its capacity nightly during the past weeks of summer.

"THE BURGOMASTER".

That jolliest of all musical productions, "The Burgomaster," will be seen at the Opera house next Monday evening. The appearance of "The Burgomaster" company will undoubtedly prove the big musical event of the season.

MRS. BACA'S SISTER LIVES IN THIS CITY.

Miss Manuelita M. Chaves left for Denver yesterday to attend the funeral of her sister, Mrs. Vincent M. de Baca, who died last Thursday, supposedly from the effects of formaldehyde in milk.

Miss Chaves is a member of the old Spanish family to which Mrs. De Baca belongs and which has been in this country since early in the 16th century.

SHIPMENT OF FAMOUS CANTALOUPES INTERFERE WITH EXPRESS TRAINS.

Kansas City, Aug. 31.—The Santa Fe California train No. 2, due to arrive at the union depot at 5:00 this afternoon, is expected to arrive at about 8 o'clock tomorrow morning. Tonight it was marked "indefinitely late." The Santa Fe's California train No. 8, due to arrive at 7 o'clock tomorrow, may reach the city on time. Train No. 6, running between Denver and Chicago over the Santa Fe, which was due to arrive at 6:25 o'clock in the evening, had not arrived at midnight tonight. All three trains are delayed by a freight wreck near La Junta, Colo. The tracks are clear now.

All of the Santa Fe trains are handicapped in making up speed just now because nearly every passenger train running through the Colorado cantaloupe district has from one to four express cars loaded with Rocky Ford cantaloupes. The melons are so perishable that they have to be rushed to the eastern markets.

AMERICANS TO CROWN LIPTON

COMMITTEE WHICH INCLUDES THOMAS F. WALSH, PROPOSES A POPULAR SUBSCRIPTION.

New York, Aug. 31.—The initial step toward the presentation to Sir Thomas Lipton of a memento from the American people, probably in the form of a silver service, was taken today when the following resolution was adopted at a meeting held at the Waldorf-Astoria:

"The undersigned committee, named to arrange a memento for Sir Thomas Lipton, feel assured that they represent a universal sentiment of appreciation among all classes of Americans who love sport and admire a sportsman and, acting under this assurance, they suggest to the general public a popular subscription to meet the end in view. The Western National bank of New York has consented to receive subscriptions. It is desired that these be national in character, since there is no state or section where the pluck, liberality and good temper of our late antagonist, ever our friend, and now our guest, have not won all hearts."

The resolution is signed by General Joseph Wheeler, chairman; Col. Henry Watterson, Louisville, Mayor Patrick Collins, Boston; Thomas F. Walsh, Washington, D. C.; Commodore R. C. Todd, New York; Senator Kearns, Utah, and Timothy D. Woodruff, New York.

FARMERS WILL SPEND DAY HERE.

Several Hundred Members of the State Grange Will Arrive at Noon and Proceed to Manitou.

Six hundred members of the State Grange of Farm Protectors will arrive in the city about noon today and spend this afternoon in the Pike's Peak region. The visitors will come in over the Colorado & Southern from the northern part of the state, excursions being run from Denver, from Fort Collins, Longmont, Boulder, Greeley and other agricultural towns. The party will leave Denver for this city at 1:40 o'clock. The special will go straight through to Manitou, but many of the visitors will stop off in this city and take the trip to Manitou by carriage, through the Garden of the Gods. The party will start back this evening. The trip is the annual one of the farmers of northern Colorado. A. B. Church, traveling passenger agent of the Colorado & Southern, will be in charge of the excursion.

RESIGNS TO TAKE HIS OLD POSITION.

Ralph Woodward, clerk at the Antlers hotel, tendered his resignation last night, and will enter the employ of the Knight-Campbell Music company today.

Mr. Woodward was formerly employed by the Knight-Campbell company and left them to go to the Antlers. He will take charge of the company's city business.

SUPREME COURT RELEASES SAMUEL PARKS ON BAIL.

New York, Aug. 31.—Justice Sewell of the supreme court today signed an order granting a certificate of reasonable doubt in the case of Samuel Parks, the walking delegate, who is now in Sing Sing, having been convicted on a charge of extortion, pending appeal proceedings and ordered his release in $10,000 bail.

JOSEPH HEIMKE, A COOK, CREATED A DISTURBANCE AT THE ALTA VISTA HOTEL.

Joseph Hemke, a cook, was fined $10 and costs by Justice McClelland yesterday on the complaint of Miss Erma Rucker, of Manitou.

She charged him with having attempted to enter her room at the Alta Vista hotel Sunday night about 1:30. When arraigned Hemke pleaded guilty, but the justice refused to fine him until he heard evidence. Miss Rucker testified that she had met Hemke on a train between here and Omaha, and had gone with him to the Alta Vista hotel, as she said, because the cars to Manitou were not running when she reached the city. She said Hemke had knocked at her door, and when she opened it slightly to see who he was there, tried to force his way into her room. Her screams attracted the police.

Miss Rucker is 17 years of age, and is the daughter of Marshal Rucker of Manitou.

day's edition. I, for one, shall look forward to this prize competition with great interest.

"Since the controversy over this will commenced, I have often thought of a conversation I had with the late Mr. Stratton one day when this 'Myron Stratton home' was on his mind. Among other points touched upon, he called attention to the family man, or as he put it, 'the decent, respectable man, with a wife and children,' who have lived on a small income, comfortably, but unable to lay by anything.

"Think of him—taken suddenly sick—what becomes of him—his wife—his little children?

"His recovery is often retarded by insufficient nourishment, and wearing anxiety—then starting out to look for work too soon, weak in body, discouraged in mind—burdened by debt. Now, take such a man, put him and his family in a cottage, rent free—pay his grocery bill, and start him out again in a month or two—strong in body, courageous in mind, free of debt.

"He might have added, as he doubtless thought, think of the poor patient wife, dreading the next day with its duns, wondering how the little mouths would be filled, the little bodies warmed, the poor sick husband encouraged.

"When I think of this one phase of the question, I can only say that if 'The Myron Stratton home' consisted of only two of such cottages, instead of, as it doubless will, many, besides large buildings, then they and the thought of them was enough to make W. S. Stratton's name endure forever in this community.

"Suppose only two of such cottages were built for this purpose, and that each accommodated but four families a year—ye, here would be eight families yearly whose burden would be lifted—the bread winner sent out again to fight the battle of life, hale and hearty—the patient wife and mother rested and strong, the children well and sturdy; and at what cost, say $1,200, or $1,500 per annum for the eight families, a sum hardly to be missed from the income of the home.

"Think further—this could be done next year, and the year after that, and the year after that again—eight families, 16 families, 24 families—and the funds undiminished, and the ability to keep on doing it unabated—on and on and on—long after the writer and the readers of this letter are in dust.

"Yes, this munificent gift, dictated by a heart full of love for his distressed fellow men—by a longing to alleviate as much mortal suffering as he could, will surely be carried out—a glory to Colorado, a benison to El Paso county—fitly framed in our enduring mountains—a monument to the great heart of the donor—The Myron Stratton home. Yours truly,

"A Citizen and Taxpayer of Colorado Springs."

WILL NOT CONDEMN CONNELL PROPERTY.

The right of way for the sewer extension line through the property of J. Arthur Connell, in the northeastern part of the city, will be secured without the necessity of resorting to a condemnation suit.

City Engineer E. W. Case said yesterday that he would complete negotiations for the right of way today, and the contractors will begin laying the pipe during the week. This line will extend through the property of Mr. Connell for a distance of 200 feet. During the time the question of a right of way through this property has been under consideration, the contractors have been engaged laying the sewer in other parts of the city, and have been at work on the Vermijo and Cucilla street lines.

GRAND ARMY POST WILL ENTERTAIN.

The members of Colorado Springs post No. 22 Grand Army of the Republic, will hold their regular business meeting this evening and are preparing to entertain a number of visiting brethren who are in the city. This is regular muster night and after the recruits, of which there will be several, are mustered in, the evening will be given over to the entertainment of the visitors. The meeting will not be an open one, however, and only members of the Grand Army will be present.

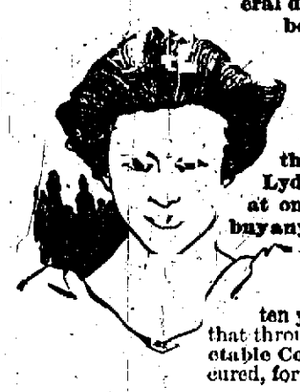
Another club woman, Mrs. Haulé, of Edgerton, Wis., tells how she was cured of irregularities and uterine trouble, terrible pains and backache, by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—A while ago my health began to fail because of female troubles. The doctor did no help me. I remembered that my mother had used Lydia E. Pinkham's Vegetable Compound on many occasions for irregularities and uterine troubles, and I felt sure that it could not harm me at any rate to give it a trial.

"I was certainly glad to find that within a week I felt much better, the terrible pains in the back and side were beginning to cease, and at the time of menstruation I did not have nearly as serious a time as heretofore, so I continued its use for two months, and at the end of that time I was like a new woman. I really have never felt better in my life, have not had a sick headache since, and weigh 20 pounds more than I ever did, so I unhesitatingly recommend your medicine."—MRS. MAY HAULE, Edgerton, Wis., Pres. Household Economics Club.

When women are troubled with irregularities, suppressed or painful menstruation, weakness, indigestion, leucorrhœa, displacement or ulceration of the womb, inflammation of the ovaries, general debility, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues, and hopelessness, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.



Frances Cook, No. 670, Kane, Pa., says:

"DEAR MRS. PINKHAM:—I suffered for ten years with leucorrhœa, but am glad to say that through the use of Lydia E. Pinkham's Vegetable Compound and her Sanative Wash I am cured, for which I am very thankful."

SHOW THAT COLORADO SPRINGS HAS BEEN GOING AHEAD, EXCEPT FROM POPULATION STANDPOINT.

The report of the building inspector shows building permits issued for the month for buildings valued at $34,788. This is the largest valuation that has been shown in this office for several months. The largest building covered by the report is the St. Francis hospital addition, valued at $15,000. The addition to the Pike's Peak club is the next largest valuation given. It is given as $8,875. An addition to Dr. Slocum's residence was built during the month, at a cost of $6,000, and a permit issued for the construction of the new German Lutheran church, which will cost $5,600. There were 42 permits issued in all, running from a valuation of $1000 to the valuation given for the St. Francis hospital addition.

The report of the police magistrate shows $149.95 turned over to the city treasury, the result of fines imposed in 72 cases. In this sum is included the $50 fine paid by W. Coleman for running an automobile faster than the limit fixed by the council. The fine of $100 imposed for the same offense has not yet been paid, and will be included in the report for next month. Of the total number of cases 28 were cases of drunkenness, the others being charges of various sorts.

The report of the city physician has not yet been completed but Dr. Hanford said yesterday that the birth rate and death rate for the month would be lower than the rates last month.

The reports of the city treasurer of money on hand, and of the auditor giving a trial balance, will be submitted to the council next Monday evening.

The report of the chief of the fire department will show a reduced number of calls and will be submitted with the other reports to the council Monday evening.

VACCINATION DAYS FOR SCHOOL CHILDREN.

Cards will be passed around when school opens this morning and each pupil will be required before being admitted to furnish a doctor's certificate of vaccination, and if a long stream of the youthful population of the city is seen heading in the direction of Dr. Hanford's office every day between 2 and 4 o'clock with a large convoy of anxious mothers and stern fathers, the general public need not be alarmed. The city physician is already putting in an extra supply of virus.

CLAIMS HE WAS TOO YOUNG TO MARRY.

Suit was brought by Ross B. Erickson against Jessie Erickson, asking the court to annul a marriage contract entered into June 1 of this year. Erickson alleges that at the time of the marriage he was only 19 years old, and entered into the contract without the consent of his parents.

THE PICTURES DID NOT REACH TOWN.

The moving pictures at Stratton park were not shown last night because of the failure of the Denver & Rio Grande train No. 2, from Denver, to arrive on time. The pictures will be placed on exhibition tonight.

SPRAINS.

Millionaires and Pork Packers Chased Themselves Around the Bases at Cripple Creek But Millionaires Won Out by Score of 5 to [illegible].

Special to the Gazette.

Cripple Creek, Aug. 31.—The second game of the series between the Money Lenders and O'Rourke's Babies was played at Union park this afternoon. After both sides had worn blisters on their feet by running around the diamond the Millionaires won out by a score of 15 to 11.

At any point of the game until the last man was called out in the ninth inning, it belonged to either side. In the last inning with one man on the bags, Thomas swatted the sphere and it looked as if it was good for a three-bagger at least, but Nill, by getting a balloon and rising in the air a number of feet, caught the ball, which retired the side and saved the game for Big Bill's Cubs.

The Millionaires won the game by sure hitting and had no trouble in meeting Shafstall's curves, which have proved invincible in the two former games that he pitched against Burns' pets. Every man on the team went around the circuit.

In the last inning Miller made a two-bagger, but Thornton was caught at first. Welch was also out, and Shugart's hit was good for two bases, scoring Miller. Thomas was next up and with a chance to tie the score he knocked a hot one about four feet over second. But "Shorty" Nill, having springs in his shoes, pulled the drive down and thus ended a hard-fought battle. Score:

VERY POOR EXHIBITION OF BASEBALL PLAYING.

Baerwald Made Good Behind the Plate —McGilvery Was Given a Trial in the Left Field.

Denver, Aug. 31.—Denver played a practice game with the aggregation from Des Moines this afternoon. It was advertised as an "exhibition game," but the exhibition was simply of how not to do it, upon the part of Des Moines.

Denver for the first time tried out Baerwald behind the plate and he emphatically made good. McGilvery, a new man, was given a trial in Jones' position in left field. Jones was injured during the first Des Moines game and the chances are that he is out of it for some time and, probably for the rest of the season. Des Moines gave Cook another try-out today and he will probably finish the season with the Prohibitionists.

Dorgan, Bobbie Lowe's new find, is expected to reach Denver in time to get into tomorrow's game. Dorgan has been playing semi-professional ball in the New York State league. He hails from Corning and was found by Selee of the Chicago Nationals, who recommended him to Lowe. Dorgan is believed to be a corker.

Harvey pitched today for Des Moines and the Cubs batted him at will. Even Eyler, who is at the bottom of the batting list, cracked out singles and doubles like a veteran stick artist. Denver in the last inning after scoring two runs grew tired, and each man as he went to bat, swung his stick around in the air in order to bring the game to a close. From the very start Des Moines laid down and gave a mighty poor imitation of ball playing. The score by innings follows:

Denver	2 0 1 0 1 0 0 1 2—7
Des Moines	0 0 0 0 0 0 0 1 0—1

PRIZE ESSAYS ON THE STRATTON HOME.

THE Gazette's announcement of its offer of $200 in cash prizes for the best essays on the plan, character and scope of the Myron Stratton home has already created a good deal of interest in Colorado Springs.

The people of the city are very deeply interested in this project, for they see in it the flower and fulfillment of those generous impulses which characterized the late millionaire in his lifetime.

The reported attempt on behalf of the attorney-general to break the will and have the money go to the state instead of to this particular benefaction has only increased the desire of the people to see the completion of this noble institution.

Though necessarily in the somewhat distant future—owing to the many delays in the settlement of an estate of this size—nevertheless the trustees named in the will have no doubt given the home project some consideration thus early.

Beyond question they will appreciate the ideas contained in this series of essays which will be presented in the Gazette at the conclusion of the prize contest. There are no doubt many valuable suggestions which may be given to the trustees by outside persons. With this end in view, and bearing in mind the interest which is taken in this city regarding the home, the Gazette has been led to inaugurate this contest.

Let the provisions of the will be read carefully, first, and then let every interested reader put his thinking cap on and write a short, sharp essay or article on what the home ought to be, how arranged, built or conducted—in sort, the reader's idea of what Mr. Stratton would have done had he remained on earth to witness the completion of his cherished hopes.

The contributions will all receive careful consideration and should be in our hands by October 10 at the latest. But the earlier the better.

THE SCHOOLS IN GOOD CONDITION.

THE schools of Colorado Springs begin another year's work under most satisfactory conditions.

There will be less crowding and better facilities for teaching and caring for the pupils than has been the case for many years past. Colorado Springs is now equipped with school accommodations in a manner more nearly commensurate with the needs of school population than it has ever been before. The district now has about eighteen buildings, which are approximately valued at $750,000.

These, with a corps of 130 instructors, indicate that the city is at the forefront of towns of its class in the matter of its public schools.

The fact that out of its large corps of teachers there are not over a half-dozen changes indicate that they are well equipped for their duties and that they are well satisfied with their positions in this thriving, delightful western city.

The attendance at the schools this year bids fair to equal if not surpass that of last year. With every year there is a larger number of families who come to Colorado Springs to make their homes, largely on account of the exceptional educational advantages to be obtained here. It should, therefore, be the aim and aspiration of every person having to do with our schools or college to spread abroad the fame of the city in this respect until it shall be known throughout the land.

The Pueblo assessor, by dint of hard labor, has been able to push his assessment up to $25,000,000. The El Paso county assessment is about $25,000,000 also, and when one considers the fact that Pueblo county has a third more people than El Paso and millions of dollars in steel mills, smelters and factories, it is plain to be seen that Pueblo county is not paying its fair and just share of taxation to the state of Colorado. Inasmuch as Pueblo secured in the last general assembly about one-fourth of the entire amount appropriated it is tolerably clear that the remainder of his state is not getting fair treatment. Pueblo and Arapahoe counties always manage to have low assessments. El Paso is generally high in comparison. It is a matter which may well be considered by the board of assessors for their future guidance.

The agricultural department has prepared a bulletin on the milk question and declares that natural milk is in all respects better than milk that has been "pasteurized." The sort of milk that people want is milk just as it comes from good cows that have been properly fed and watered.

If Colorado folks go to Rocky Ford on melon day they will at least have the satisfaction of getting the best product of the fields. On many an occasion it would seem as if easterners got the best of all western products and Colorado the "seconds."

It is reported that three of the gorgeous gowns at a recent New York reception were the handiwork of the ladies who wore them. Nevertheless as "supervisors" the expert dressmakers will probably get in as large bills as before.

People in general have largely lost interest in the yacht race in view of the one-sidedness of the affair. No doubt no one wishes more heartily than Sir Thomas that the whole thing were over.

Sir Thomas Lipton says there is no truth in the report that there is wrangling about the Shamrock. The simple fact of the matter is that he hasn't a Herreshoff in his employ.

The week-old baby selin is reported to have "smiled" when he heard of the first performance of the Reliance. And, of course, when the contest is over he will simply yell.

The United States fleet will go over to the Beirout region anyhow. If there is to be any more "gun play" Uncle Sam wants a chance to use his twelve-inch beauties.

The United States boundary commission has reached London and opened its sessions with a banquet given by Minister Choate.

That absconding Boston preacher who went to Mexico at least knew the way of transgressors.

The only satisfactory thing about the Midland wreck is that the company was able to pick the spot for the smashup. The marvelous thing about it was that the long train was able to travel five miles and cling to the rails.

The fact that this Chinese reformer who is to be executed writes poetry puts an entirely different face upon the matter.

A Colorado barber even in committing suicide was true to the ethics of his profession. He drank a bottle of hair tonic.

General Greeley has just returned from the wireless congress, but he was not able to take passage on a trainless train.

Mr. Bryan's refusal to talk for the "cause" appears to have been entirely due to a pressure of worldly business.

Open Parliament

EVERY MAN SHOULD CUT HIS OWN WEEDS.

To the Editor of the Gazette:

I see that some make it an excuse for not destroying weeds on their lots, the fact that the city does not keep the streets and ditches clean. I am glad I live in a part of town where some of the people do not depend on the city at all to destroy weeds, but do it themselves. It is too much to expect in this city, that the street commissioner will dig out the weeds. A scythe amounts to little with the Russian thistle, that will soon be blowing in such profusion down our streets. It takes a hoe to do their justice; something that I think the city does not furnish its street cleaners, or empty men to use. Why should not every lot owner be required to keep his frontage clean as well as to build his sidewalk? It does not seem fair to one who keeps his place and surroundings in good shape to have his neighbor allowed to neglect his in the way it is done. People object to high taxes, but if the city were to take entire charge of all streets, ditches, alleys and sidewalks and keep them clean, I fear there would be a kick at the expense. Then the street commissioner seems to have too much to attend to now. I, for one, would like to see all required to do what some willingly do now, set out street trees and keep them properly trimmed, keep their sidewalks in good condition, keep down the weeds in front of their lot as well as on it and the ditch free from weeds or other obstructions. If this were done the city would present a better appearance to our visitors as well as be a matter of satisfaction and pride to ourselves. It would take but little time for each one to do this and the satisfaction would well repay for the work.

ANOTHER INALIENABLE RIGHT.

It is a St. Louis police judge who decides that one of the inalienable rights of a citizen is the right to stop a street car at the point of a pistol. If pressed, his honor would no doubt be equal to deciding that the reason that this right was not formally recognized in the Constitution of the land is that when the Constitution was drawn up there was no such thing as a street car.—(Louisville Courier Journal.

Stories About People

WEBSTER'S OPINION OF HIMSELF.

A lady of one of the old families living near Boston related to a writer the other day an anecdote of Daniel Webster which has never been in print before. This lady happened to be one of a few friends who went with Mr. Webster to the hall where hung on exhibition, previous to its final location in Faneuil hall, Mr. Healy's now famous painting representing Webster making his reply to Hayne. "Mr. Webster," said the lady, "was very feeble and was led in by the artist. Ascending the platform which commanded a view of the picture, Webster looked at it for some minutes, making some pleasant observations to his friends respecting the different senators and the various points of interest on the canvas. This portrait and that were spoken of, and even the pages recognized. Finally, turning to go, Mr. Webster quietly remarked: 'And as for that man standing there in the center—well I've seen better looking men in my day than he.'"

JOKE WAS ON THE DOCTOR.

One of the best stories told of the late Sir Andrew Clarke is the following

At a dinner party one night he noticed that the lady sitting next to him at table passed a dish to which he helped himself plentifully.

He asked if she did not like it, as it was excellent. She replied:

"Oh, yes, I like it, but my physician forbids me to eat it."

"Stuff and nonsense," said Sir Andrew. "It would not hurt any one. Who is your physician?"

To which the lady, whom the medical magnate had forgotten, answered, with a demure twinkle in her eye:

"Sir Andrew Clarke."—(London Spare Moments.

OLD BACHELORS, ALL.

A gentlemanly lady doth
Amuse us,
But when it comes to ladylike old maids,
Excuse us!

—New York Sun.

"H. H."

(Written for the Gazette.)

Among the whispering pines,
Far up the rocky steep,
In this lone spot she loved so well,
They laid her down to sleep.

No pomp and pride are here
To mar her place of rest,
But here the wild flowers love to bloom
Upon the mountain crest.

The birds so wild and free,
Breasting the mountain breeze,
Mingle their songs with murmurings
Among the restless trees.

No costly marble slab
Now marks the hallowed glade;
Crystal rocks from the mountain side
In rustic beauty laid.

The rippling waterfall,
We hear so far below,
Tells us her life goes on and on,
Through years that come and go.

Another mound is hers—
Her spirit lingers here,
Far away from the busy world,
Far from its smile and tear.

Brave spirit! As the pines
Though storm-tossed, yet they stand
In strength and beauty, reaching up
So fearless, trustful, grand!

Strength, born of affliction;
A beauty, born of love;
Fearless, because of a noble life;
Trustful to one above.

Upon the mountain top—
A fitting place of rest—
The pines are ever whispering
Of one who loved them best.

Sweet spirit! Thus we come,
With reverence, standing here,
We say again, "How she loved us;
'Twas that which made her dear."

NO OATH OF ALLEGIANCE FOR THE NAVY EMPLOYES.

Washington Aug. 31.—As a result of an investigation of the question Acting Secretary Darling of the navy department has concluded that there is no occasion for any action by the navy department at this time on the proposition that all employes of the navy department and navy yards be required to take the oath of allegiance to the United States.

He found that only citizens of the United States and only such non-citizens as have been honorably discharged from the army, navy or marine corps are eligible for employment in the naval establishment. These requirements he considered give sufficient guarantee of loyalty to the United States of the men in the employ of the civil naval establishment.

PROMINENT RAILWAY MAN OF OHIO IS DEAD.

Cincinnati, Aug. 31.—John Carlisle, one of the most prominent and formerly one of the wealthiest men in Cincinnati, died today, aged 67 years. He constructed part of the Ohio & Mississippi railway, was formerly vice president of the Cincinnati, Hamilton & Dayton railway, and trustee of the Southern railway. He built the Chatteroi railway from Ashland to Richardson, Ky., to develop his coal lands and was largely interested in buildings and business in Cincinnati.

CONCLAVE OF THE NEGRO KNIGHTS OF PYTHIAS.

St. Louis, Aug. 31.—The largest conclave ever held by the negro Knights of Pythias opened for a week's session today with 500 delegates from all parts of the world. It is the 28th biennial conclave and delegates and representatives to the grand lodge, the supreme court of Calanthe and the international camp of the uniform rank are in attendance.

$5,000,000 FOR THE PHILIPPINE ISLANDS.

San Francisco, Aug. 31.—The transport Thomas which will sail tomorrow noon for the Philippine islands, touching at Honolulu and Guam, will carry $5,000,000 in Philippine silver certificates, accompanied by a guard of 25 enlisted men of the Fourteenth cavalry.

AN EXAGGERATED REPORT.

Vienna, Aug. 31.—The report from Cadiz, Spain, yesterday that the Austrian torpedo cruiser Zenker (not the gunboat Sherlap) had foundered off that port arose from the fact that one of the boats of the Zenter foundered. The boat's crew was saved.

COAL PRICE REDUCED.

Pottsville, Pa., Aug. 31.—The Philadelphia & Reading Coal & Iron company announces a continuation of the special reduction of 25 cents a ton at the mines on pea and buckwheat on contracts for September, making the price of pea coal $1.75 at the mines, the same as August.

Washington Aug. 31.—Minister Lopez of Salvador who is absent from this city has informed the state department that he will not return to this country. He expects to accept a place in the government of Salvador.

CORTELYOU ADDRESSED CONGRESS OF ACTUARIES.

New York, Aug. 31.—The fourth international congress of actuaries met in this city today. The delegates include men from several foreign countries. Secretary of Commerce and Labor George B. Cortelyou, who is an honorary member, was delegated by the president to open the session and delivered an address. The session will continue for the week.

ART AND NATURE.

White flour is made from wheat. So is whiskey. But neither one can be said to be a physiological food. Neither one represents those superb qualities native to the wheat and that Nature designed for her children. White flour, like whiskey, is the product of Art—not of Nature. It is, indeed, merely a part of the perfect whole.

On the other hand, in Shredded Whole Wheat Biscuit, made from the entire wheat kernel, we have a food that has not been stripped of one single organic element. It represents the complete grain just as the soil, the rain, and the sunshine produced it. No effort to improve on the work of the Great Master Builder. In this food we have every property to build and maintain every part of the body. Defective teeth and weak nerves evidence the use of defective food. Moreover, in Shredded Wheat we have bulk which the system demands.

"I have had stomach and bowel trouble all my life and find that your cereal food, Shreded Wheat Biscuit, does me more good than all the medicines I have ever used."—C. W. Hascall, Colorado Springs, Colo.

Sleepless Nights

Burlington Route

The Burlington's St. Louis Special leaving Denver 2:00 p. m.; lands you, without a single change, in the magnificent Union Station in St. Louis.

The sleeping-cars are the modern kind—the berths just a little wider, the toilet rooms a little roomier than the old kind.

The dining-car service will please you. The furnishings are dainty, the viands well cooked and served right, and the prices moderate.

Other good trains—for Kansas City and St. Louis 8:45 p. m.; for Omaha and Chicago, 4:15 p. m. and 10:00 p. m.

BEGINNING OF FALL TERM TODAY UNDER NEW CONDITIONS EIGHTH GRADE WORK.

The public schools of Colorado Springs and school district No. 11 will open today for the fall term.

At 8:30 o'clock this morning the students of the High school and the division of the eighth grade will assemble in the auditorium of the High school building and after the opening exercises which will consist of short addresses by Superintendent John Dietrich and Principal George E. Myers, the remainder of the day will be given to arranging the courses and preparing a schedule of the classes.

Tomorrow morning the different classes will hold their first regular meeting, at which the active work will be started.

Principal George E. Myers stated yesterday that he believed the coming year would be the best in the history of the High school, both in point of attendance and educational results. There will be no great changes in the High school work this year outside of the change in the eighth grade. Heretofore the eighth grade has been located in the high school building and was to a certain extent identified with the High school proper, but this year it will be merged with the High school; that is, there will be no separate assemblage of the eighth grade pupils in the morning, but they will gather with the students of the High school proper in the auditorium and will go to their classes with the High school students. Two teachers, Miss Banchbach and Miss Wise, will have charge of the eighth grade classes. There will be no eighth grade principal this year.

About 100 regular grade pupils will attend the High school. The others will attend the Lowell and Washington schools where eighth grades have been established. By dividing the eighth grade, a regular study room and a large library room, in addition to another recitation room, have been added to the High school.

More Library Room.

The new library has just been completed; the stacks have been erected and the tables and chairs put in. It is one of the best school libraries in the west and the size of the room will allow the board to erect more stacks as the library grows. The remaining half of the eighth grade room has been turned into a study room with about 150 desks where the High school students may come during study hours.

The various grade buildings will not open until 9 o'clock. Supplies were distributed among the different buildings yesterday afternoon, was one being kept for hauling papers and other supplies from the large store room in the High school building to the other buildings.

Yesterday morning a meeting of the teachers of the schools was held in the High school auditorium. Of the corps of 130 teachers, almost every one had returned for the winter's work, only a few being detained by sickness or delayed by trains.

Yesterday's Meeting.

delivered an address, was unable to be present. The remainder of the program was carried out, however. President George S. Elstun of the board of education, congratulated the teachers upon their return to the city and guaranteed them the support of the board in their work. Mrs. W. H. R. Stote followed and stated that she wished to impress upon the teachers the importance of their work and said she wished to be more familiar with them and promised them all her assistance. E. W. Stephens, chairman of the building and grounds committee, made a few remarks on the work of the committee during the summer and stated that it had been the desire of the committee to make the building as comfortable as possible and place them in the best shape for good work on the part of the teachers and pupils. W. F. Kinney, O. E. Hemenway, the other members of the board, and Secretary A. N. Thompson also made remarks. Superintendent John Dietrich, who presided, gave a talk on "Some Thoughts on Recent Educational Progress."

Singers and Public Speakers will find Piso's Cure for Consumption an effectual cure for hoarseness.

COMMISSIONERS APPOINT JOHN BLUE LIVESTOCK INSPECTOR FOR EL PASO COUNTY.

At the request of the stock raisers of the county, the board of county commissioners has appointed John Blue, of Peyton, cattle inspector. He will be under the direction of the state board of stock inspectors, and will take up his duties at once.

His appointment has been the result of the prevalence of mange among the cattle of the country. The disease has spread so rapidly during the last few months that the cattle raisers decided that an inspector must be appointed in order to weed out diseased cattle and prevent any further infection. There are approximately 27,000 cattle in the county, and under the terms of the state law, it is necessary for every diseased animal to be treated. Between October 15 and November 15,

The cattle affected with mange are treated in the same manner as sheep. A strong mixture of tobacco, sulphur, lime and a number of other ingredients is made, into which the cattle are dipped. The mixture is placed in a large tank, deep enough to cover the cattle, and they are driven into it through a small opening and compelled to swim to the opposite side of the tank. This process is repeated twice with each animal, and unless the disease is in a very advanced stage, it will disappear.

NIGHT SCHOOL WILL BEGIN NEXT MONTH.

Regular Classes in Several Branches Will be Conducted at the Y. M. C. A.

Preparations are going forward for the Y. M. C. A. night school, which is to be augmented under the auspices of the association Monday evening, October 5. The best teachers obtainable have been secured to take charge of the classes. Those teachers have been selected from Colorado college, the High school, Ionager's commercial college and the city schools. Special stress will be laid upon the business course.

Mondays and Thursdays, from 7:30 to 8:30, shorthand, 7:30 to 9:00, vocal music, 8:30 to 9:30, penmanship, spelling and typewriting.

Tuesdays and Fridays, from 7:30 to 8:30, arithmetic, 8:30 to 9:30, English and bookkeeping.

Wednesdays, from 7:30 to 8:30, first aid to the injured, 7:30 to 9:00, mandolin club, 7:30 to 9:30, mechanical drawing.

Fridays from 7:30 to 9:00, orchestra.

Saturdays, Mechanical drawing from 7:30 to 9:30.

FINE MINERAL COLLECTION.

One of the most complete collections of Cripple Creek gold specimens in the state, together with a very extensive collection of rare minerals gathered from all over the world, has been secured by Davis and Mueth of this city, who will have them on exhibition and for sale at their Stratton Park depot.

This exhibit will be of unusual interest to the tourist and all others who have not had an opportunity of seeing a complete collection of Cripple Creek ores. It will also be a great chance for the purchase of cabinet specimens.

REG[illegible] SEPTEMBER TERM

JUDGE SEEDS WILL CALL CRIMINAL CALENDAR TODAY—CIVIL CASES CITED FOR TRIAL.

Today is the beginning of the September term in the district court. A number of cases have already been cited for trial in the civil division, and several important criminal trials will come up during the term.

Judge Seeds will call the criminal calendar this morning, and set most of the cases for hearing. The civil cases will not be set, however, until later in the week.

The meeting of the court en banc will be held later. At this meeting the presiding judge for the term will be selected, and the other matters of business of the court will be transacted.

The civil cases that have been cited for trial are as follows.

Lisle Harris vs. the M. & P. P. Ry company.

J. B. Donovan, ex. t. Harry Stratton.

John Bradny vs. the Colorado Midland railway.

Sarah Sutton vs. A. T. & S. F. railway.

P. J. Watson vs. M. & P. P. Ry. Co.

J. F. Woodruff vs. Estate of J. B. Woodruff.

The trial of ex-Building Inspector E. G. Coray will be the most important criminal case called, and it is probable several days will be spent in hearing the evidence. The trial of Irwin L. Fuller on a charge of forgery, and of Edwards for assaulting Yardmaster King of the Short Line, will also be called. There will be a number of minor criminal cases on the calendar.

ART OF SINGING.

[illegible] Showing of Fashionable Wearing Apparel for Fall and Winter 1903-4

If you would know what well dressed people will wear this fall and winter, pay a visit to our suit department at your earliest convenience. You may not be quite ready to buy, but it is none too soon to look. We set the pace in ready-to-wear apparel, showing all the newest creations as soon as they are placed on the market. Our preparations for this fall are on a greater scale than ever before, which means that when the stock is complete you can see more new things, greater variety and wider assortments in this store than in all other stores in town combined. Rather strong talk, but that has been the history of our suit department and it will be more than repeated this coming season. Come in often and look around. The knowledge you gain will be useful to you when you are ready to buy.

We are showing evening costumes, dinner gowns, coat suits and tailor suits, in prices ranging from $6.5[illegible] to $3[illegible] and wraps, coats, cravenettes, coats, shirtwaists, etc., in as wide a range.

IN SPITE OF STRIKE CRIPPLE CREEKS PRODUCTION WAS NEARLY $1,000,000.

Special to the Gazette.

The production for the month of August has dropped considerably on account of the strike, both here and in other parts of the state. The following figures were obtained today from the various milling and smelting concerns which handle Cripple Creek ores:

Plants.	Tons.	Average.	Total.
Smelters	4,665	$65.00	$302,575
U. S. Ore & Iron Co.	9,000	24.00	216,000
Doocas	2,500	35.00	87,500
Telluride	5,000	30.00	150,000
Portland	4,075	30.00	122,250
Economic	3,400	26.00	88,400
Globe	1,800	5.00	9,000
Gillett	450	4.00	1,800
Ingham	600	4.80	2,880
Others	300	5.00	1,500
Totals	31,790	$23.00	$980,675

With all the mines closed three weeks out of a month and the smelters 26 days out of the 31, this month's figures are comparatively speaking, an increase over several months past, being nearly $1,000,000 from work which covered a period of only one-third of a month at the outside.

TEN FOOT VEIN CUT IN THE LUCANIA TUNNEL.

Within the Next 3000 Feet the Ore Will Cut Under Noted Producers of Bellevue Mountain.

Special to the Gazette.

Idaho Springs, Aug. 31.—A 10-foot vein has been cut in the Lucania tunnel, owned by Colorado Springs people.

A new plant of machinery was recently installed and crosscutting into Bellevue mountain has been under way. The drift has been driven for 550 feet. The vein matter is over 10 feet wide and while no great value is now showing drifting will doubtless prove of value for this is the history with other veins in that section.

The company is just entering its own net work of lodes and from now on the strikes made will prove of direct benefit to the company. The tunnel will cut under the noted producers of Bellevue mountain within the next 3,000 feet and will be the first tunnel to open the lodes at a great depth.

BUT NOTHING ON WHICH TO BASE CONFIDENCE IN THE FUTURE.

New York, Aug. 31.—There was a considerable growth in the volume of business in stocks today and a show of strength which was quite imposing but neither the activity nor the strength lasted the day out. The aggregate transactions rose to that of the million mark but the largest part of this was in the two hours before noon.

Professional sentiment was more cheerful on account of improved factors in the general outlook, but there was nothing to show that any considerable outside demand for stocks played a part in the day's movement.

The Lake Shore Limited to Pittsburg.

A through Pittsburg sleeper is now in daily service on the Lake Shore Limited, leaving Chicago at 5:30 p. m. and reaching Pittsburg the next morning at 6:45, affording Pittsburg travel all the luxurious appointments of this famous train. Erwin Tears, Colorado Passenger agent, 1017 17th St., Denver; C. F. Daly, Chief of A. G. P. A., Chicago.

FOREIGN NEWS WAS A BEARISH FACTOR IN WHEAT.

Chicago, Aug. 31.—Foreign news, increased receipts, and favorable weather were the bearish factors in wheat. September closed at 80⅝, a loss of ⅝@⅞.

Light offerings in corn, with a good commission house demand gave a comparatively strong early market, but September closed ⅛@¼ lower, at 50⅝.

The oats market ruled steady with free buying by local traders and some commission houses counteracting the effect of scattered selling. September closed ¼ lower at 34⅝.

Scattered liquidation and lower prices at the yards caused a weaker tone in provisions. Trade was of fair volume, but without feature.

The leading futures ranged as follows:

ABSCESS.

W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size and it cured my leg. It is the best liniment in the world."

ABSCESSES, with few exceptions, are indicative of constipation or debility. They may, however, result from blows or from foreign bodies, introduced into the skin or flesh, such as splinters, thorns, etc. Sold by Hefley-Arcularius Drug Co.

Conspicuous in a Ballroom.

Flakes of Dandruff on the Collar and Shoulders of a Gentleman in Full Dress.

This is the thing you quite frequently see in the ball-room—a man's black dress-coat literally covered with dandruff.

It must be annoying to the wearer, and certainly not a pleasant thing to observe. But dandruff can be eradicated. It is a germ disease that will some day cause baldness.

Newbro's Herpicide kills the hair-destroying germ, and stimulates the hair to a rich, abundant growth. It does more—keeps the hair soft and pliant.

Furthermore, Herpicide is a most pleasant toilet accessory of pleasing odor and cooling to the scalp.

Sold by leading drugg sts. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

[illegible] NEWS NOTES

(Continued from Page 1.)

Anaconda property were over at the property today and are making arrangements to resume operations tomorrow morning when, it is reliably reported, between 15 and 20 sets of lessees will commence work within the next two days. It is said that the Anaconda company is under contract to send all ore mined from the property whether dug by the company or lessees to the so-called trust mills. If they do not wish to send their ore there a prominent member of the executive committee of the district union said it would be all right if they would ship to the Argo or the Salida smelter, both of which are regarded as fair.

President Moyer is in Denver and is not expected to return for some days unless some radical action is taken by the contending forces. However, this is not likely to happen as neither side shows indication of yielding from the stand first taken.

Rumors of Resumption.

There are many rumors afloat tonight that different companies will resume operations tomorrow, but nothing can be learned from a reliable source whether this is true or not, as Mr. C. C. Hamlin, secretary of the executive committee of the mine association, is in Denver.

Manager Cornish, of Stratton's Independence, returned from Pueblo last evening and when seen by your representative today said he had nothing to say in regard to the situation, as he had not met with any other members of the Mine Owners association.

"I understand," he said, "that there has been a story in circulation to the effect that I intended to start up the mine regardless of the contract with the United States Reduction & Refining company, but there is nothing to it. Our business relations with the Refining company have always been pleasant, and besides, if we broke the contract we should have no place to send our ore, as all the smelters are on the unfair list made out by the Miners union."

Gregory and Johnson, employes of the El Paso company, who were arrested for carrying concealed weapons in this city some eight days ago, had a hearing this afternoon before Justice of the Peace Hawkins of Anaconda. Gregory pleaded not guilty and was released, while Johnson answered guilty and was given the minimum fine of $25 and costs, which he immediately paid and returned to work.

one nomination to make, that of chief justice of the supreme court. John Campbell the present incumbent, is the only candidate so far announced, and it is probable he will be selected by acclamation.

The Official Call.

The following is the call:

"Headquarters Republican State Central Committee, Denver, Colo., September 1, 1903.

"A Republican state convention is hereby called to meet at East Turner hall in the city of Denver at 10 a. m., Tuesday, September 29, 1903, for the purpose of nominating one judge of the supreme court. For said purpose the several counties of the state will be entitled to representation in said convention as follows, to wit:

"Adams, 4; Arapahoe, 4; Archuleta, 4; Baca, 3; Bent, 4; Boulder, 15; Chaffee, 5; Cheyenne, 3; Clear Creek, 5; Conejos, 3; Costilla 5; Custer, 4; Delta, 5; Denver, 75; Dolores, 3; Douglas 5; Eagle, 4; Elbert, 4; El Paso, 25; Fremont, 21; Garfield, 6; Gilpin, 6; Grand, 3; Gunnison, 5; Hinsdale, 3; Huerfano, 11; Jefferson, 9; Kiowa, 3; Kit Carson, 3; Lake, 30; La Plata, 5; Larimer, 9; Las Animas, 13; Lincoln, 3; Logan, 4; Mesa, 7; Mineral, 3; Montrose, 5; Montezuma, 3; Morgan, 4; Otero, 9; Ouray, 4; Park, 4; Phillips, 3; Pitkin, 4; Prowers, 4; Pueblo, 22; Rio Blanco, 3; Rio Grande, 5; Routt, 4; Saguache, 5; San Juan, 4; San Miguel, 5; Sedgwick, 3; Summit, 3; Teller, 14; Washington, 3; Weld, 11; Yuma, 4.

"The chairman and secretary of the several county central committees will please take notice of the foregoing call and take such action as is necessary in the premises.

"D. B. Fairley, Chairman.
"Fenno Wakeman, Secretary."

[illegible]

(Continued from Page 1.)

L. McKesson, W. E. Doyle, Frank Clancy, T. B. Pyles, H. H. Seldomridge, Judge K. R. Babbitt and H. W. Davis. The meeting was held in the office of Judge Babbitt in the mining exchange building and was called to order by Chairman George Bernard. On account of the absence of J. W. Corley, secretary of the committee, Clyde Starrett, clerk of the district court, was chosen in his stead.

Both the county and district conventions will be held in the court room of the civil division of the district court, and while the call for the district convention has not yet been made up, it will probably be held in the evening, after the adjournment of the county convention.

Under the terms of the call for the county convention, the precinct chairmen were instructed to call precinct primaries for September 23, delegates to be selected at the rate of one for each precinct and one additional for each 50 votes cast for governor in 1902. These delegates will attend the county convention; select delegates to the district convention, and name the various committeemen for the ensuing term.

Several candidates will go before the state convention for the nomination as the candidate of the party for chief justice of the supreme court. Judge Adair Wilson and Judge John L. Mullens of Denver have already announced their candidacy, while Judge Lindsey of Denver and Judge Louis W. Cunningham of this city have been mentioned. In speaking of the position of the El Paso county delegation, Clyde Starrett said yesterday: "While the convention did not instruct the delegation selected, I have no doubt they will support Judge Wilson before the convention in Denver. Judge Wilson has been a member of the court of appeals and is eminently fitted for the position of Chief Justice. It is my opinion he will receive the nomination. While Judge Lindsey and Judge Cunningham have been mentioned in connection with the nomination, I do not believe either will allow their names to go before the delegates. Judge Cunningham has already declined to be a candidate, and I feel certain he will not change his mind.

The name of C. L. McKesson is the only one that has yet been mentioned for the district nomination, and it is probable he will be the choice of the convention.

NO POSTPONEMENT OF DEMOCRATIC CONVENTION.

Special to the Gazette.

Denver, Aug. 31.—Milton Smith, chairman of the Democratic state central committee, today announced that the state convention would positively be held next Monday for the nomination of a candidate for the supreme bench. It had been stated in two Denver papers that the convention would be postponed.

Chairman Smith declares that the convention would be called at the time designated and that there would be no postponement unless the delegates should so decide after being called together.

No Summer Bowel Troubles

Not for me! I'm safe from all of them and happy. The heat of summer causes organic matter everywhere to decay. All dead vegetable or animal matter rots if not kept on ice. All undigested food in the human body will ferment a hundred times as quickly in summer as in winter. Consequence—stomach, liver, bowels poisoned, thrown out of order—sour stomach, gases, colic, diarrhoea, dysentery, cholera appendicitis, and in some regions yellow fever and the plague. Little children suffer terribly everywhere. What does good sense tell you to do? You can't keep the human body on ice, and the drinking of ice-cold drinks does more harm than good because it stops digestion and chills the internal organs. The proper thing is to keep all impure and unnecessary matter out of the body every day, not give it a chance to sour and decay in the stomach and bowels, and poison the blood and the whole body. In this way you will stop all hot, feverish conditions, and keep your insides cool and healthy. To do it, use a medicine that is not offensive to the taste and not harsh and violent in its action. There is only one safe system-cleaner to take in the summer time, because it will not cause diarrhoea or griping, and that is

THOUSANDS WILL EAT CANTALOUPES.

Rocky Ford Will be the Objective Point of Many Residents and Tourists Thursday.

Thursday will be Watermelon day at Rocky Ford, and the closing day of the annual fair of the Arkansas Valley Fair association. The novelty of having offered them all the watermelons and cantaloupes that they can eat for nothing will attract many tourists as well as Colorado Springs residents who have seen previous Watermelon days at Rocky Ford. The fair, which is said to be better than ever this year, will also attract a large number and the Santa Fe is expecting to carry several hundred people on the special excursion train which leaves this city at 6:55 o'clock Thursday morning. Eight specials will be run by the road from over the state and it is expected that 10,000 people will visit Rocky Ford on Thursday. The special train will arrive in Colorado Springs on the return Thursday evening about 9 o'clock.

Salt Lake and return, over the Rio Grande, September 2 and 11; 30-day limit.
